

First Reading at Service
Reading from the Old Testament
Micah 4: verses 1 to 5

In days to come the mountain of the Lord's house shall be established as the highest of the mountains, and shall be raised up above the hills. Peoples shall stream to it, and many nations shall come and say: 'Come, let us go up to the mountain of the Lord, to the house of the God of Jacob; that he may teach us his ways and that we may walk in his paths.' For out of Zion shall go forth instruction, and the word of the Lord from erusalem. He shall judge between many peoples, and shall arbitrate between strong nations far away; they shall beat their swords into ploughshares, and their spears into pruning-hooks; nation shall not lift up sword against nation, neither shall they learn war any more; but they shall all sit under their own vines and under their own fig trees, and no one shall make them afraid; for the mouth of the Lord of hosts has spoken. For all the peoples walk, each in the name of its god, but we will walk in the name of the Lord our God for ever and ever.

This is the word of the Lord.

All: Thanks be to God.

REMEMBRANCE

Second Reading at Service
Gospel Reading
Matthew 5: verses 3 to 9

Jesus said:

"Blessed are the poor in spirit,
for theirs is the kingdom of heaven.
Blessed are those who mourn,
for they will be comforted.
Blessed are the meek,
for they will inherit the earth.
Blessed are those who hunger and thirst for
righteousness, for they will be filled.
Blessed are the merciful,
for they will be shown mercy.
Blessed are the pure in heart,
for they will see God.
Blessed are the peacemakers,
for they will be called children of God.

This is the word of the Lord.

All: Thanks be to God.

Here is this week's **GREEN TIP!** TURN OFF DEVICES WHEN NOT IN USE!

Many devices, such as TVs, chargers, and computers, continue to draw power in standby mode, a phenomenon known as "phantom power" or "vampire energy" consumption. This can account for 9-16% of your household's electricity usage. By simply switching off power strips or unplugging these devices from the wall, you can save energy and reduce your carbon footprint.
